- Scalable offshore delivery for economy in time and cost.
- Onshore presence ensures better collaboration and control over the project.

User Centric Development Methodology

- Scientific, creative, innovative design approach.
- Application usability part of our development life cycle.
- 10+ years of usability experience.

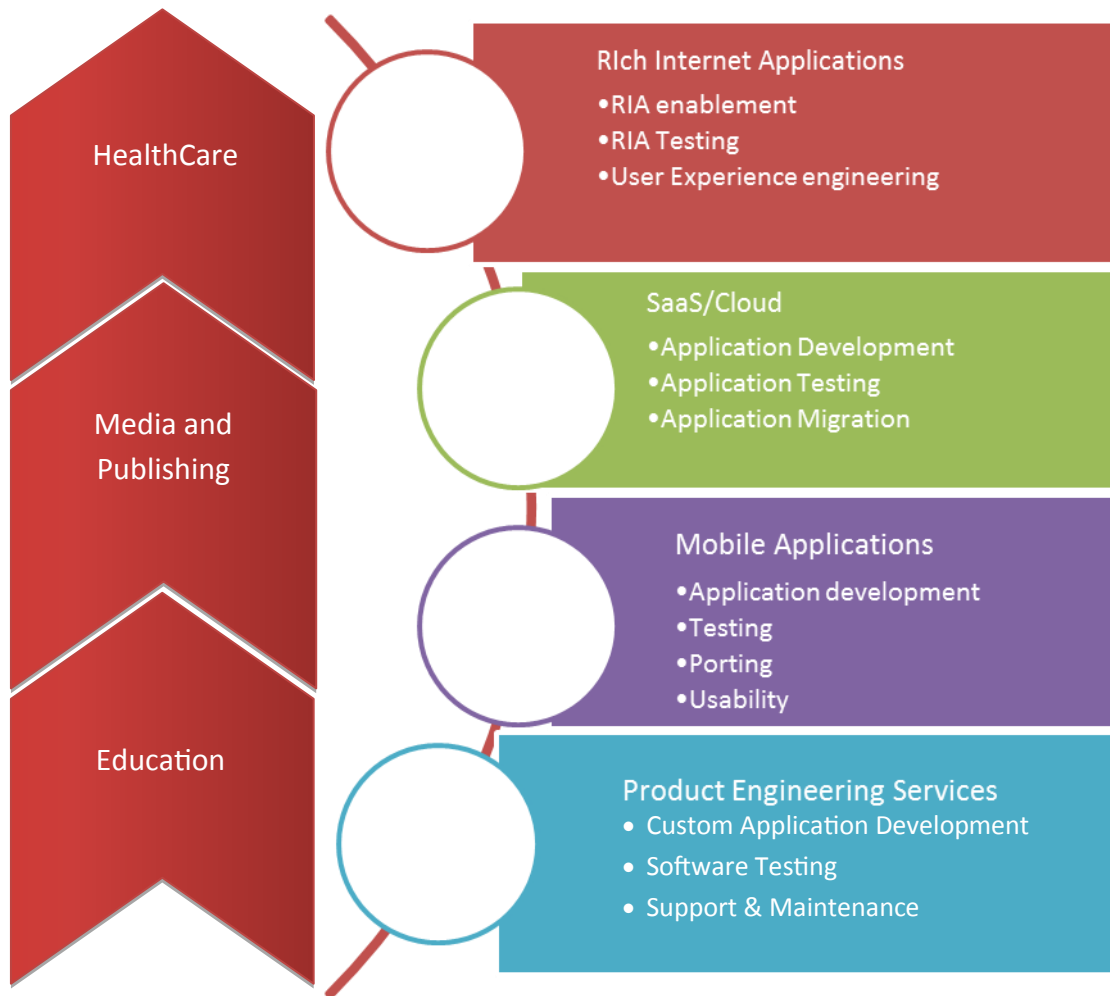

Reasons to Partner with us

*“ They have successfully taken care of all our re-
quired IT services, allowing us to focus on our core
business. Their agile processes helped us scale
quickly, reducing costs and time to market ”*

- Project Manager, Trouve Media INC

*“Perennial’s flexible business model and
transparent approach has made this partnership
grow stronger over the last two years”*

- Founding Partner, Lucidity Consulting Group LP

Integrated global economies have opened markets of new opportunities and new sources of skills. In that landscape, companies can distribute work and technology anywhere in the world. Given these opportunities, Perennial is working with its clients to develop new business designs and technical architectures that allow their businesses the flexibility required to compete in this new landscape.
